Lauren Nolen, MD

Dr. Lauren Nolen is a graduate of the University of Arkansas for Medical Sciences and recently completed her residency there in Obstetrics and Gynecology. Her mother a nurse and father a physician, Dr. Nolen's interest in medicine started at a young age. Her interest in women's health piqued during medical school. She was drawn to obstetrics and gynecology

because it is uniquely different from any other specialty. She especially loves the day to day variation from clinic to the operating room to deliveries. Dr. Nolen considers women to be the greatest patients and looks forward to creating long-term relationships with her new patients at Conway OB/GYN.

Dr. Nolen is a member of American College of Obstetrics and Gynecology and the Arkansas Medical Society. While at UAMS, she was awarded the Barton Scholarship for a 4.0 GPA and was a member of the AOA Honor Medical Society.

Dr. Nolen and her husband, Chase Bender, have been married for five years. Both graduates of the University of Central Arkansas, they look forward to "coming home" to Conway. Dr. Nolen spends her free time with family and friends and also enjoys summers on the lake, working out and reading. Dr. Nolen is located at the College Avenue location. Call 501.327.6547 to schedule your appointment today.

About Us

At Conway Obstetrics & Gynecology, we focus on providing excellence in women's healthcare and wellness for each and every patient. There are many stages women encounter in relation to their health and well-being, and our team of medical professionals offer support at each of these stages.

Our practice was the first OB/GYN office established in Conway, and we have always incorporated the newest research and best treatment options for each individual patient. We stay on the cutting edge of technology and were the first in Conway to offer Da Vinci robotic surgery, in-office ablations, MonaLisa Touch laser as well as many other procedures.

Our nurse practitioner, Tracy Lamey, has established a great line of communication and trust with our patients. She offers the flexibility of quick work-in appointments.

We have a certified ultrasonographer on staff who is proficient at documenting problems for our patients experiencing pelvic pain or other symptoms. The physicians use these scans to deliver the appropriate care for each patient. Our ultrasound technician also uses our new 4-D ultrasound machine to allow our obstetric patients to see their baby for the first time. These special scans are offered with pictures and a DVD.

We are providers for most major insurance companies and our friendly staff will be glad to assist you with any questions you may have regarding your visit to our office.
