Phillip Gullic, MD

Dr. Phillip Gullic was born and raised in Newport, AR. Dr. Gullic had a broken neck at the age of six years old and spent seven weeks in the hospital. During this extended hospitalization, he admired the physician caring for him and he knew that one day he wanted to be a doctor too. He enjoys OB/GYN because he gets to experience a miracle

just about everyday. He appreciates being a great big part of bringing families into the world.

He obtained his undergraduate degree at the University of Arkansas and then completed medical school and residency at St. Louis University. He is board certified and has had special training in Da Vinci and laparoscopic surgery as well as the MonaLisa Touch laser. He is a member of the American College of Obstetrics and Gynecology.

He is a dad to two young boys and they enjoy watching Razorback games or boating at the lake. He is a member of First United Methodist Church. He was chosen as 2010 Women's Inc. Readers Choice Award, Favorite OB/GYN.

Dr. Phillip Gullic is located at the College Avenue location. Call 501.327.6547 to schedule your appointment today.

About Us

At Conway Obstetrics & Gynecology, we focus on providing excellence in women's healthcare and wellness for each and every patient. There are many stages women encounter in relation to their health and well-being, and our team of medical professionals offer support at each of these stages.

Our practice was the first OB/GYN office established in Conway, and we have always incorporated the newest research and best treatment options for each individual patient. We stay on the cutting edge of technology and were the first in Conway to offer Da Vinci robotic surgery, in-office ablations, MonaLisa Touch laser as well as many other procedures.

Our nurse practitioner, Tracy Lamey, has established a great line of communication and trust with our patients. She offers the flexibility of quick work-in appointments.

We have a certified ultrasonographer on staff who is proficient at documenting problems for our patients experiencing pelvic pain or other symptoms. The physicians use these scans to deliver the appropriate care for each patient. Our ultrasound technician also uses our new 4-D ultrasound machine to allow our obstetric patients to see their baby for the first time. These special scans are offered with pictures and a DVD.

We are providers for most major insurance companies and our friendly staff will be glad to assist you with any questions you may have regarding your visit to our office.
