Spencer Johnson, MD

Dr. Spencer Johnson was born in Tennessee but was raised in Piggott, AR. He went to Arkansas State University and it is there that he chose a career path in medicine. He knew OB/GYN was for him because he says women are better patients and he enjoys treating them.

He went to medical school at UAMS and is Board certified. He is also a member of the Arkansas Medical Society and the Southeastern OB-GYN society.

He is married to Virginia, who is a hospital volunteer. In his spare time, he really enjoys collecting antiques, playing golf, watching the hogs and he loves movies.

He enjoys being a part of Conway OB/GYN because of the camaraderie between the physicians and how they help each other out.

Dr. Spencer Johnson is located at the Conway Regional Medical Center location. Call 501.327.9497 to schedule your appointment today.

About Us

At Conway Obstetrics & Gynecology, we focus on providing excellence in women's healthcare and wellness for each and every patient. There are many stages women encounter in relation to their health and well-being, and our team of medical professionals offer support at each of these stages.

Our practice was the first OB/GYN office established in Conway, and we have always incorporated the newest research and best treatment options for each individual patient. We stay on the cutting edge of technology and were the first in Conway to offer Da Vinci robotic surgery, in-office ablations, MonaLisa Touch laser as well as many other procedures.

Our nurse practitioner, Tracy Lamey, has established a great line of communication and trust with our patients. She offers the flexibility of quick work-in appointments.

We have a certified ultrasonographer on staff who is proficient at documenting problems for our patients experiencing pelvic pain or other symptoms. The physicians use these scans to deliver the appropriate care for each patient. Our ultrasound technician also uses our new 4-D ultrasound machine to allow our obstetric patients to see their baby for the first time. These special scans are offered with pictures and a DVD.

We are providers for most major insurance companies and our friendly staff will be glad to assist you with any questions you may have regarding your visit to our office.
